

**CLARIFICATIONS - RFP FOR CONDUCTING TRAFFIC SURVEY ON NATIONAL HIGHWAYS USING PORTABLE ATCC SYSTEMS ALONG WITH VIDEOGRAPHY PUBLISHED ON DATE 23.10.2017**

S.No.	Reference (Clause)	Details of Queries		Response
1	Document Fee and Bid Security	Document fee of 5,000/-EMD of 10,000/-	The Firms registered with MSME shall be exempted from the payment of the Tender fee and EMD as per the guidelines of The National Small Industries Corporation. Circular is attached for reference	As per RFP
2	Clause 3.3 Point (v)	The Eligibility / experience of each partner of JV or Consortium shall be considered in proportion to their stake in JV / Consortium	Experienced lead bidder may require JV partner for financing purpose which may not have experience. It is requested to consider experience / eligibility of JV partners jointly instead of their proportion of stake.	Refer Corrigendum-1
3	Annexure-1	Zone-9 total count stations	Kindly provide the bifurcation with respect to 2 / 4/ 6/ 8 Lanes	As per RFP
4	Clause 5.4.2 Point (ii)	The System shall be capable of classifying any other vehicle category as per user needs	ATCC machine needs to be configured as per requirement of vehicle categories. Kindly provide any other vehicle category other than Clause 5.4.2 Point no. (x) & point no. (xi) before start of the Survey	Agency need to submit data in the vehicle category as mentioned in Clause 5.4.2 (x), in case of any additional requirement agency will be intimated separately.
5	Clause 5.4.1	The Contractors may select the portable ATCC system based on any sensor technologies.	All other Points of Chapter 5.4.2 describes work carried out by inductive Loop & Piezo sensors. Kindly confirm that Contractors can select the ATCC system based on any sensor technology (like laser, IR, Video based sensors etc) or not	As per RFP

6	Clause 5.4.2 Point (Viii)	The system shall be capable of recording for later analysis on an individual vehicle basis, time/date, speed, direction, number of axles, axle spacing and site identification	It is stated in clause 5.4.1 that bidder can use any sensor technology. If ATCC technology is capable of count and classify vehicles as per requirement but not able to give speed, axle spacing and site identification etc. will it be accepted or not? Please clarify	As per RFP
7	Clause 5.2.5		The successful bidders in phase – 2 for 8 Zones who have been awarded for 3 zones hence Bidders can submit bids for all Zones, however, work of more than three (3) zones will not be awarded to any single Bidder. As the maximum number of Zones for work award to any bidder is limited to 3 (three), therefore, if any bidder happens to be lowest in 3 Zones in the sequence of opening of financial bids mentioned above, his financial bids of remaining Zones shall not be opened and shall be returned unopened after completion of bid process	As per RFP
