

Indian Highways Management Company Ltd. (IHMCL)

Invites Expressions of Interest (EOI) from eligible firms for providing **“New Technology GPS/GPRS/Audio based or any other technology apart from Conventional tolling technology”**

For seamless movement of traffic on the National Highways and to decongest toll plazas thereon, Nationwide Electronic Toll Collection (NETC) program has been launched through which toll is automatically deducted from RFID tag fixed on windscreen of the vehicles.

With intent to further fasten traffic movement at toll plazas and to explore new technologies, IHMCL intends to engage agencies for providing Technology Solutions based on any **New Technology i.e. GPS/GPRS/Audio based or any other technology apart from conventional tolling techniques i.e. RFID/Smart card/QR code/pay per ticketing.**

Expression of Interest (EOI) are invited from all agencies with experience in such new technologies.

Last date / time for receipt of EOI -19.09.2017, by 03:00 pm

The agencies are requested to make a presentation to the panel constituted by NHAI/IHMCL on 21.09.2017 at 11:00 am, demonstrating their capabilities.

Address for communication and EOI submission:
