

CORRIGENDUM NO. 2

Sl. No.	Reference	Existing text in the RFP	To be read as
1	Clause 2 Last para page 5	<p>The successful bidder will be selected based on L1 basis. The L1 bidder along with other technically qualified bidders who are willing to match the L1 price will be empanelled. The contracts for the first 50 public-funded plazas will be awarded to the L1 bidder by IHMCL / the CCH provider. The remaining plazas will be awarded on rotational basis to the other empanelled bidders by the CCH provider. CCH Provider will distribute the work / Toll Plazas to various empanelled bidders (excluding L1) so that the remaining plazas are distributed amongst the empanelled bidders (excluding L1). Selecting a particular vendor from the list of empanelled vendors (excluding L1) is at the discretion of CCH Provider and the decision of CCH Provider in this regard is final & binding and no correspondence / claims in this regard shall be entertained. If L1 bidder or any empanelled agency selected by CCH Provider backs out, the agency shall be removed from the empanelled list and blacklisted for 3 years from further participation in NHAI/Concessionaire Projects.</p>	<p>A list of 229 Toll Plazas in operation as on 30.04.2013 is enclosed for information of the bidders. Bidders may please note that the plazas under OMT Projects and the Projects of SPVs of NHAI come under the category of public funded plazas for the purpose of this RFP (in the list such number of plazas is 125). An indicative list of 50 Plazas out of 125 are given in Annexure -A. In case of Plazas under BOT (Toll) Projects (104 Nos as per enclosed list), the Concessionaire may either install the equipment/ systems on their own or allow the equipment/ systems installed through the empanelled agencies. The operation & maintenance of the equipment/ systems may be done directly by the BOT Concessionaires or empanelled agencies as the case may be.</p> <p>After receiving the bids and knowing the cost as per L-1 bidder, the matter will be taken up with the Concessionaires and according to their consent such plazas will be distributed amongst the empanelled agencies.</p> <p>For evaluation purposes, the bidders shall quote as</p>

			<p>follows:</p> <p>a) For Design, Engineering, Supply, installation, system integration, testing & commissioning of the system.</p> <p>The bidder shall quote on the basis of BOQ given in RFP excluding the local taxes levied by the states, as the taxes vary from state to state (at the time of actual implementation, such taxes will be reimbursed to the empanelled agencies as per actuals and on production of proof of payment). Bidders may also consider that no customs duty is leviable if any goods prescribed in BOQ are being imported (however, the bidders shall specifically indicate in their bid the goods proposed to be imported). NHAI/ IHMCL is in the process of getting a confirmation from the Government on exemption of customs duty. If such exemption is denied, but the empanelled agency imports the goods as indicated in their bid, the customs duty as paid will be reimbursed on production of proof of payment.</p> <p>b) For Operation and Maintenance of the system The bidder shall quote a monthly lumpsum price exclusive of Service Tax</p> <p>The successful bidder will be selected based on L1basis. The L1 bidder along with other technically qualified bidders who are willing to match the L1 price will be empanelled. As the first step, the contract for 20 of the first set of 50 public-funded plazas will be</p>
--	--	--	---

			<p>awarded to the L1 bidder. The award of the remaining 30 in the above set will be equally divided among other empanelled vendors. Further, in the award of all remaining (both public funded and private concessionaire funded) and upcoming plazas, all empaneled bidders will get equal opportunity.</p> <p>Selecting a particular vendor from the list of empanelled vendors (excluding L1) is at the discretion of CCH Provider and the decision of CCH Provider in this regard is final & binding and no correspondence / claims in this regard shall be entertained. If L1 bidder or any empanelled agency selected by CCH Provider backs out, the agency shall be removed from the empanelled list and blacklisted for 3 years from further participation in NHAI/Concessionaire Projects.</p>
2	Clause 3.1. A. (II)	A company of foreign origin but with an office registered in India involved in the Design, Engineering, Supply, Installation, System Integration, Testing, Commissioning & Maintenance of Toll Systems including tag/OBU-based ETC.	A Company of foreign origin involved in the Design, Engineering, Supply, Installation, System Integration, Testing, Commissioning & Maintenance of Toll Systems including tag/OBU-based ETC, with an office in India.
3	Clause 3.1.B.	The bidder shall have the experience of successfully commissioning a minimum of 25 ETC lanes in the last 3 years (till the year ending March 2013).	The bidder shall have the experience of successfully commissioning a minimum of 25 ETC lanes in the last 3 years (till the year ending March 2013). In the case of a consortium this experience can be the combined experience of the members of the consortium.
4	Clause 3.1.C.	The bidder should have an average annual turnover of IndianRs10crores for the last three financial years (Note: For currencies other than Indian Rupees, the	The bidder should have an average annual turnover of IndianRs10crores for the last three financial years (Note: For currencies other than Indian Rupees, the

		applicable conversion [selling] rate of the Reserve Bank of India on the last date of bid submission shall apply).	applicable conversion [selling] rate of the Reserve Bank of India on the last date of bid submission shall apply). In case of a consortium, the lead bidder shall qualify for this eligibility criteria.
5	Clause 3.1.D.	The bidder shall possess valid ISO9000 Quality Standard Certification for the functions of product development and product delivery (including system integration, system installation, project management & system maintenance)	The bidder shall possess valid ISO9000 Quality Standard Certification for the functions of product development and product delivery (including system integration, system installation, project management & system maintenance). In the case of a consortium either member can qualify for this eligibility criteria.
6	Clause 3.2.a	-----On the other hand, at the private-funded (BoT) toll plaza, apart from interfacing with the CCH, the system may have to interface with the local concessionaire's existing toll management system (TMS). For this purpose the bidder shall provide the required interfaces to his system and extend the necessary support (at no extra cost) for establishing the required connectivity with the existing Toll Plaza TMS.-----	----On the other hand, at the private-funded (BoT) toll plaza, apart from interfacing with the CCH, the system may have to interface with the local concessionaire's existing Toll Management System (TMS). While the scope of interfacing rests with the concessionaire in such cases, the bidder shall ensure that the proposed system is amenable to such integration. Any such integration is likely to be initiated and contracted out by the respective concessionaire or TMS system integrator. The bidder shall not include any costs of such integration, interfacing and support etc in this bid.-----
7	Clause 3.2 (i)	New Clause	As safety is a key requirement in Toll Plaza Operations, the Contractor's personnel, as part of the contract, shall in the course of performing their duties, keep a round-the-clock watch on the general safety of ETC Operations at the plaza including those related to the road-users, vehicles etc., and initiate appropriate prompt alerts & actions on any untoward incident(s).
8	Clause 3.5. Sl.	New item	Demonstration of Proof-of-concept by the bidder for witnessing by IHMCL : From the 4 th to the 5 th week

	No. 03		after the actual date of receiving the bids.
9	Clause 5.4. Table 4.2 Sl. No. 15	Local ETC Server	Local ETC Server in a hot-standby configuration (Main ETC Server + Hot-Standby Server)
10	Clause 5.6.3.1. (i)	have functionality to feed in transaction data through Hand-held devices and manual entry of Registration no. of vehicles.	have functionality to feed in transaction data through Hand-held devices
11	Clause 6	Hardware and Subsystem requirements and specifications	Hardware and Subsystem requirements and specifications. The Makes indicated under the specifications of certain equipment are for indicative purposes only. The bidder's proposed equipment shall meet the bid specifications or better. The bidder shall provide adequate supporting documentation for the proposed equipment.
12	Clause 6.16.5.2. Configuration .RAM	2 GB (Upgrade up to 16GB)	8 GB (Upgradable upto 16 GB)
13	Clause 6.28.12. (d) RAM :	2 GB or latest	Minimum 4 GB or latest
14	Clause 6.3.1.10	As described above, all data entries shall be sequentially numbered and referenced to other related entities. The incidents that occur during a transaction shall refer to that transaction.	As described above, all data entries shall be sequentially numbered and referenced to other related entities. The incidents that occur during a transaction shall refer to that transaction.

		Transactions and incidents shall refer to the applicable financial entity in which they occur.	
15	Clause 6.3.1.4 last para	----- At the start of the 7th month, the 1st week's data shall be deleted from the hard disk on the basis of FIFO logic.	----- At the start of the 2 nd month, the 1st week's data shall be deleted from the hard disk on the basis of FIFO logic.
16	Clause 6.3.1.17.	Time throughout the entire toll collection system shall be synchronized with reference to the LOCAL ETC SERVER.	Time throughout the entire toll collection system shall be synchronized with reference to the LOCAL ETC SERVER. The LOCAL ETC SERVER, in turn, shall be synchronized with the CCH Server Master Clock.
17	Clause 6.3.2.1 (f)	Processor speed : 1 2 Ghz min	Processor speed : 1.2 Ghz min
18	Clause 6.4.3.3.	The AVC shall be able to distinguish between classes as per the applicable notifications of MORTH	<p>The AVC shall be able to distinguish between classes as per the following list</p> <ul style="list-style-type: none"> • Class I : Motorcycles • Class II : 3 wheeler & Motorcycles with side car • Class III : Car/Jeep/Van • Class IV : LCV • Class V : Bus • Class VI : Truck (with 2 axles) • Class VII : Heavy trucks (with 3 or 4 axles) • Class VIII : MAV (with more than 4 axles) • Class IX : Oversized Vehicle/earth moving vehicle • Class X : Tractor without trailer • Class XI : Tractor with trailer <p>Further it shall also have the capacity and capability to accommodate more classes in the future, that can be effectively classified by the AVC sensors and hardware being proposed by the bidder for the above classes.</p>
19	Clause 6.4.1.	Accuracy level The AVC system shall be 100% auditable and accuracy of vehicle counting should be 99.5% and	Accuracy level The AVC system shall be 100% auditable and accuracy of vehicle counting should not be less than 99.5% and

		classification accuracy shall not be less than 98%	the overall classification accuracy shall not be less than 98 %.
20	Clause 6.4.4.1.1	The AVC shall be able to automatically classify the classes of vehicles as indicated in the vehicle class table to an accuracy of 99.60% without manual intervention and class correction or validation. Unless, the above criteria is achieved, the AVC shall never classify a vehicle to any defined category in the Classification table; it shall be categorized as unable to classify so that it triggers an incident and there is no chance for revenue loss. This can be used to fine tune the AVC to improve the accuracy later.	The AVC shall be able to automatically classify the classes of vehicles as indicated in the vehicle class table to an overall accuracy of 98% without manual intervention, class correction or validation. Unless, the above criteria is achieved, the AVC shall never classify a vehicle to any defined category in the Classification table; it shall be categorized as unable to classify so that it triggers an incident and there is no chance for revenue loss. This can be used to fine tune the AVC to improve the accuracy later.
21	Clause 6.4.4.2.	The performance of the AVC shall form the basis for accuracy checks, functional tests, installation, commissioning and handover to achieve the required accuracy and performance. All design and installation approvals shall be obtained from IHMCL before installation and commissioning. The Contractor shall submit a detailed list of vehicles with photographs and Indian RTO authorized classification category of all models of vehicles found in India as part of the Technical specifications delivery. The configuration of the AVC classification table into the system shall be done in the presence of the authorized representative of the IHMCL	The performance of the AVC shall form the basis for accuracy checks, functional tests, installation, commissioning and handover to achieve the required accuracy and performance. All design and installation approvals shall be obtained from the Employer before installation and commissioning. The Contractor shall submit a detailed list of vehicles with photographs and Indian RTO authorized classification category (having the vehicle classes that are included under Sl. No 18 of Corrigendum 2) of all models of vehicles found in India as part of the Technical specifications delivery. The configuration of the AVC classification table into the system shall be done in the presence of the authorized representative of the IHMCL
22	Clause 6.5.1.1.	The User Fare Display (UFD) shall be located in the toll lane in a position where it is readily visible to and readable by Users from the pay point. The display has the primary purpose of informing the User of the vehicle. It shall convey ETC	The User Fare Display (UFD) shall be located in the toll lane in a position where it is readily visible to and readable by Users from the pay point. The display has the primary purpose of informing the User of the vehicle. It shall essentially convey the vehicle class,

		balance information & low balance warnings, public relations and seasonal messages.	Tollable amount, public relations and seasonal messages.

Witnesses:

1.

2.

Notarised

Accepted

.....
(Signature, name, designation and address of the Attorney)

Notes:

The mode of execution of the Power of Attorney should be in accordance with the procedure, if any, laid down by the applicable law and the charter documents of the executants(s) and when it is so required the same should be under common seal affixed in accordance with the required procedure. The Power of Attorney should be executed on a non-judicial stamp paper of appropriate denomination and should be registered or duly notarised by a notary public.

Wherever required, the Bidder should submit for verification the extract of the charter documents and other documents such as a resolution/power of attorney in favour of the person executing this Power of Attorney for the delegation of power hereunder on behalf of the Bidder.

For a Power of Attorney executed and issued overseas, the document will also have to be legalised by the Indian Embassy and notarised in the jurisdiction where the Power of Attorney is being issued. However, Applicants from countries that have signed the Hague Legislation Convention 1961 need not get their Power of Attorney legalised by the Indian Embassy if it carries a conforming Apostles certificate.

APPENDIX I - Technical Bid

Form of Technical bid:

Reference:

Date:

To, IHMCL

Subject: RFP for

Dear Sir,

We, the undersigned, having read and examined in detail the specifications and all proposal documents in respect of **“RFP for empanelment of agencies for Plaza ETC Systems”** do hereby propose to provide the services as per scope of work mentioned in the bid document. We agree to unconditionally accept all the terms and conditions set out in the bid document.

Price and Validity: All the prices mentioned in our proposal are in accordance with the terms as specified in the bid document.

Deviations: We declare that all the services shall be performed strictly in accordance with scope of work and other conditions of the bid documents. No deviations are proposed in our bid proposal.

Time Schedule: We further declare that we will start and complete various tasks as per time schedule given by us in the prescribed format.

Eligibility/Mandatory criteria: We confirm having submitted eligibility/mandatory criteria documents as required in bid document. In case you require any further information/documentary proof in this regard before evaluation of our proposal, we agree to furnish the same.

Agreement Performance Security: We hereby declare that in case the contract is awarded to us, we shall submit Performance Security deposit as per terms and conditions of the bid document and agreement of contract.

We hereby declare that our proposal is made in good faith, without collusion or fraud, the information contained in the proposal is true and correct to the best of our knowledge and belief, and nothing is concealed. This proposal includes all information necessary to ensure that the statements therein do not in whole or in part mislead IHMCL as to any material fact.

Documents: We hereby confirm that we have attached at least the following documents as part of the Technical bid:

- Letter of authorization in respect of the person authorized to remain present in bid process and interact with IHMCL.
- Audited Annual Reports to establish the turnover requirements of bid eligibility
- Certificate of Registration from the Registrar of Companies (ROC).

- MOU between members of the consortium towards fulfilling the scope of the contract related to this bid.
- Completion Certificates from existing Clients to establish the commissioning of 25 ETC lanes
- The bid document and all other attached documents should be duly signed and stamped on each page by bidder.
- A detailed compliance statement to all clauses in this bid document, including those specified in corrigenda, if any.
- Certificate /affidavit regarding non-violation/infringement of any Indian or foreign trademark, patent, registered design or other intellectual property rights
- Certificate / affidavit mentioning that the bidder/Consortium member has never been blacklisted by any Central Government Department or any State Government Department
- Minimum documents for Technical evaluation as listed under clause 7.2.2.2 of the bid document including those specified in corrigenda, if any.
- Minimum documents for Price evaluation as listed under clause 7.2.2.3 of the bid document including those specified in corrigenda, if any.

We understand that you are not bound to accept the lowest or any proposal you may receive. We also agree that you reserve the right in absolute sense to reject all or any of the service specified in the bid response without assigning any reason whatsoever. It is hereby confirmed that I/We are entitled to act on behalf of our corporation/company/ firm/organization/consortium and empowered to sign this document as well as such other documents, which may be required in this connection.

Thanking You.
Yours faithfully
