

### CORRIGENDUM NO. 3

**Sub: Tender for Traffic Survey on National Highways using portable Automatic Traffic Counter & Classifier (ATCC) systems**

<b>Sl. No.</b>	<b>Reference</b>	<b>Existing text in the RFP</b>	<b>To be read as</b>
01	Clause 4.11	The total contract period will be for Five Years renewable on yearly basis at the option of IHMCL.	The total contract period will be for Five Years.
02	Clause 5.2.2	Within 30 days from the date of signing the contract, the Contractor shall commence the assignments at the specified location(s). After collection of 7 days traffic data at each location, the agencies shall submit survey reports within 10 days after validation / correction.	Within <b>60</b> days from the date of signing the contract, the Contractor shall commence the assignments at the specified location(s). After collection of 7 days traffic data at each location, the agencies shall submit survey reports within 10 days after validation / correction.
03	Clause 5.5.2	----- The sample report is given at Annexure -4	'----- The sample report is given at Annexure -2. The sample report (Annex-2) is for indicative purpose only. The actual content of report may vary depending on the requirement / scope of this RFP. The reports shall be submitted in hardcopy as well in softcopy. The softcopy format of ATCC data will be intimated to the successful bidders at a later stage.
04	Clause 5.5.3	In addition, traffic survey data and video with analysis shall also be submitted to IHMCL in electronic storage media viz. portable HDD/ DVD media for each assignment.	The bidder shall provide and maintain 1 (one) server per zone at the ATCC Control Centre. The server shall have adequate memory space to store the entire video from each survey done for a duration of one year (FIFO

			<p>basis) of that particular zone. The bidder will be responsible to upload the video data within 10 days of completion of each survey, into the video server at the Control Centre. The video has to be stored in easily retrievable format - i.e. in separate folders for each video survey done. The bidder will be responsible to ensure quality &amp; retrievability of the video feed stored in the server. No additional HDD/DVD drives or any such media need to be submitted to IHMCL. For each zone, the bidder identified shall be provided access to the server as per pre-agreed schedule. The logistics for upload of video data to the server will be the responsibility of bidder.</p>
